Brand New Book ***** Print on Demand *****.Excerpt from Laboratory Outlines for Systematic Vertebrate Zoology In order to follow the laboratory outlines, it will be necessary for each to bring to the laboratory the notes and drawings made in the lectures. All drawings should be made large, and never more than two on a sheet. Each student should be supplied with both ruled and plain paper, 8 x 10 1/2 inches, and a pair of dividers. A good eraser and a medium hard pencil are essential for neat and accurate drawings. Results of observations and descriptions should be recorded upon the ruled sheets. At the end of each week the notes are to be bound to the back cover of the portfolio and submitted for inspection. Make and label drawings in pencil. After inspection they are to be inked in with India Ink. At the end of each term all of the notes are to be bound together and submitted for final inspection. Credit for laboratory work will be based upon the neatness and accuracy of the laboratory reports. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books.
