TRAINING CIRCULAR TC 3-04.43 AIRCREW TRAINING MANUAL, OH-58 KIOWA AND TH-67 CREEK HELICOPTER MAY 2012

CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 232 pages. Dimensions: 11.0in. x 8.5in. x 0.5in. The Training Circular (TC) 3-04. 43 standardizes Aircrew Training Programs (ATPs) and flight evaluation procedures. This aircrew training manual (ATM) provides specific guidelines for executing Observation Helicopter (OH)-58AC and Training Helicopter (TH)-67 aircrew training. It is based on training principles outlined at the Army Training Network, located on the web at: <https://atn.army.mil/index.aspx>, under the Training Management tab. The OH-58AC and TH-67 ATM establishes crewmember qualification, refresher, mission, and continuation training and evaluation requirements. This manual applies to all OH-58AC and TH67 crewmembers and their commanders in the active Army, the Army National Guard (ARNG) Army National Guard of the United States (ARNGUS), and the United States Army Reserve (USAR) unless otherwise stated. This manual is not a stand-alone document; all requirements of Army Regulation (AR) 600-105 (Aviation Service of Rated Army Officers), AR 600-106 (Flying Status for Non-rated Army Aviation Personnel), National Guard regulation (NGR) 95-210 (Army National Guard: General Provisions and Regulations for Aviation Training), and training circular TC 3-04. 11 (Aircrew Training Program ATP Commanders Guide to Individual Crew and Collective Training) to the ATP must be met. If differences exist between the maneuver description in the operators manuals, this manual is the governing authority for training and flight evaluation purposes only. The operators manual is the governing authority for operations of the aircraft. Implementation of this manual conforms to AR 95-1 (Aviation Flight Regulations) and TC 3-04. 11. If a conflict exists between this manual and TC 3-04. 11 then TC 3-04. 11 will take precedence. This manual will help aviation commanders, at all levels, develop a comprehensive ATP. By using the ATM, commanders ensure that individual crewmember and aircrew proficiency is...
