

Der Drehrohrofen ALS Modernster Brennapparat

By -

RareBooksClub. Paperback. Book Condition: New. This item is printed on demand. Paperback. 222 pages. Original publisher: Silver Spring, Md. : U. S. Dept. of Commerce, National Oceanic and Atmospheric Administration, National Ocean Service, Office of National Marine Sanctuaries, 2010 OCLC Number: (OCoLC)690026933 Subject: Marine ecology -- Massachusetts -- Stellwagen Bank National Marine Sanctuary -- Management -- History. Excerpt: . . . th Fish and Fisheries survey data from the late 19 century. Rarefaction techniques were applied to measure changes in species richness in the western Gulf of Maine based on these data sets. In addition, a suite of statistical and geo-spatial techniques and software were applied to the historical and modern data sets including trophic-level analysis, factor analysis, and time-series and climate modeling. A detailed description of these methods and results is provided in section V. ANALYSIS. Historical Source Material Monthly Fishery Statistical Bulletins for Northwest Atlantic (1893-1944) Published by the U. S. Commission of Fish and Fisheries beginning in 1893, and continued by the Bureau of Fisheries in 1903, these records tabulate statistical information including but not limited to monthly fish catch by species and weight, name and location of fishing grounds, the number of trips and...
