

The Lena Goldfields Massacre and the Crisis of the Late Tsarist State

By Michael Melancon

Texas A M University Press, United States, 2006. Paperback. Book Condition: New. 231 x 152 mm. Language: English . Brand New Book. In 1912, a thin line of Russian soldiers, confronted by a large crowd of gold miners on strike for several weeks, reacted with fear and anger. At their officers orders, they opened fire, shooting five hundred unarmed protesters. The event reverberated across Russia. The Lena goldfields massacre can be viewed from several distinct viewpoints, each presenting a contrasting story. Author Michael Melancon avoids prematurely picking a right way of looking at the massacre. Instead, he explores all aspects of the incident, from the despair of the miners at the poor conditions they faced, to the calculations and priorities of the mining entrepreneurs and state officials, and even the rationale of the soldiers who pulled the triggers. The Lena Goldfields Massacre and the Crisis of the Late Tsarist State will appeal to anyone interested in labor relations, in revolutionary movements, and in transitions associated with modernization. Its comparative framework will be helpful for generalists and Europeanists. It will also provide food for thought for those interested in Russian society during the early twentieth century.
