

Substance Abuse Treatment and the Stages of Change: Selecting and Planning Interventions (2nd Revised edition)

Filesize: 6.51 MB

Reviews

This publication is fantastic. We have read through and i am certain that i will planning to read yet again yet again down the road. You wont feel monotony at at any time of your respective time (that's what catalogs are for concerning when you request me).

SUBSTANCE ABUSE TREATMENT AND THE STAGES OF CHANGE: SELECTING AND PLANNING INTERVENTIONS (2ND REVISED EDITION)

[**DOWNLOAD**](#)

Guilford Publications. Hardback. Book Condition: new. BRAND NEW, Substance Abuse Treatment and the Stages of Change: Selecting and Planning Interventions (2nd Revised edition), Gerard J. Connors, Mary Marden Velasquez, Dennis M. Donovan, Carlo C. DiClemente, A widely adopted practitioner resource and course text, this book shows how to apply knowledge about behavior change in general - and the stages-of-change model in particular - to make substance abuse treatment more effective. The authors are leaders in the field who describe ways to tailor interventions for clients with varying levels of motivation or readiness to change. They draw on cutting-edge theory and research to explain what works (and what doesn't work) at different stages of change. Rich clinical examples illustrate the "whats", "whys," and "how-tos" of using the stages-of-change model to inform treatment planning and intervention for individuals, groups, couples, and families. New to this edition: Reflects the ongoing development of the stages-of-change model and research advances over the past decade. Chapter on stage-based brief interventions in health care, social service, and community settings. Group treatment chapter has been significantly revised. Expanded coverage of the change processes relevant to each stage. This book will appeal to practitioners and graduate students in clinical psychology, clinical social work, psychiatric nursing, substance abuse counseling, and psychiatry. It will serve as a text in advanced undergraduate- and graduate-level courses in substance abuse and addictions treatment.
