Aron, 15-20% of children are Highly Sensitive - and they are often labelled shy, introverted, fussy or faddy. The real story is very different though and this intelligent, practical book helps parents know what to do, when to back off, and how to ensure their child is given the right sort of treatment at school. This book is the follow up to the author's internationally best-selling personal development guide The Highly Sensitive Person. It is the first and only book for parents of highly sensitive children.
