Discovery Publishing House Pvt. Ltd., 2004. Hardcover. Book Condition: New. The present title "Morphology of Plants" has been written mainly to meet the need of undergraduate and post graduate students who require a Knowledge of a wide field in Morphology in an interesting and understandable manner. The book presents a broad survey of the Trees and forests. A special feature of the book is that the text is copiously illustrated with superably accurate, beautiful and well labelled diagrams. The subject matter has been dealt in a simple and lucid Style and also included maximum of recent information available up-to-date. This textbook represents a group effort, rather than Product of any single individual. Foremost on the list stand the reviewers whose advice, comments and collective WISDOM helped to shape this text into a final form. Their interest in the subject, their concern for the accuracy and method of presentation, and their experience with students of widely varying abilities and background made the Review process an educational experience. To these individuals, who carefully recorded their comments, opinions, and sources. The Author would like to express her sincere thanks. Contents, 1. What is a Tree? 2. Identification of Trees 3.
